4	Ultra brief pulse ECT		Non-Responsive
5	r-TMS Machine		Non-Responsive

C) The item wise bidders' reasons for rejection are as mentioned in the table below;

Sl.	Item Name	Participated Bidders	Make & Model	Reason for Rejection
1	64 channel long term monitoring EEG system	M/s ALLIANCE BIOMEDICA PRIVATE LIMITED, Chennai	Natus Manufacturing Ltd, Ireland Natus Quantum 64 Channel Long Term Monitoring System	Due to Non submission of the required Format B which was to be taken into evaluation as specifically mentioned in the price BoQ (excel file), the tender's technical specification section as well as in Schedule of Requirement (Section IV). However, the bidder has submitted the Format C but the same cannot be taken into evaluation.
2	Digital video polysomnography system	M/s ALLIANCE BIOMEDICA PRIVATE LIMITED, Chennai	Natus Manufacturing Ltd, Ireland Natus 64 Channel Brain Monitor	Due to Non submission of the required Format B which was to be taken into evaluation as specifically mentioned in the price BoQ (excel file), the tender's technical specification section as well as in Schedule of Requirement (Section IV). However, the bidder has submitted the Format C but the same cannot be taken into evaluation.
		M/s Rabindra Surgicals Pvt Ltd, Bhubaneswar	Philips Respironics Inc, USA Alice 6 LDXN	As per the submitted Format B, the sum total of accessories is much greater than the quoted BoQ price (Basic+inclusive of all accessories) which results in ambiguous pricing.
3	Ultra brief pulse ECT	M/s Hospimedica International Ltd, New Delhi	MECTA Corporation, USA Spectrum 5000Q	As per the submitted Format B, the price breakup of standard accessories is not mentioned in Format B. However, the price break up of 12 standard accessories was asked specifically but the bidder has submitted price break up for only 4 standard accessories in Format A.
4	r-TMS Machine	N.A	N.A	All bidders, bidding for this item, were found to be Non-Qualifying during Technical Bid Evaluation.

N.B: All the FIVE (05) items will be re-tendered.
